

SGPGI NEUROSURGERY UPDATE 2025

18th-20th April 2025 | SGPGIMS, Lucknow

Date: 18th -20th April 2025 | Venue: Lecture Theatre Complex, SGPGI, Lucknow
Theme: Surgical Mastery of the Skull Base: The Art of Choosing the Right Corridors

Scientific Program

DAY 1 - 18TH APRIL 2025.

Hall A

TIME	TOPIC	SPEAKER
08:30 – 09:00 AM	Registration	
09:00 – 09:15 AM	Introduction	
09:15 – 10:15 AM	Workshop on Skull Base Radiology <i>Chairpersons: Himanshu Krishna, Jitendra Chaturvedi, Rajesh Pandey, Sanjeev Kumar</i>	
09:15 – 09:45 AM	Para Nasal Sinus Radiology	Gaurav Medikeri
09:45 – 10:15 AM	Temporal Bone Radiology	Prahlad Basanth / Arulalan M
10:15 – 12:30 PM	Workshop on Anterior Skull Base Anatomical Corridor <i>Moderator: Amit Keshri</i> <i>Chairpersons: Subodh Jain, Pradeep Sharma, Rajnish Arora, Regi Thomas</i>	
10:15 – 11:05 AM	Anatomical Access and Corridors A. Trans Septal B. Trans Nasal C. Trans Nasal Trans Septal D. Trans Ethmoidal and Trans Frontal F. Nasoseptal Flap Tips and Tricks	Ramandeep Singh Virk

11:05 – 11:20 AM

Tea Break

11:20 – 11:30 AM	Trans Pterygoid Approach to Skull Base	Govind B
11:30 – 11:40 AM	Endoscopic Anatomy of Sella and Clivus	Sanjeev Yadav
11:40 – 11:50 AM	Endoscopic Anatomy of ITF, Cavernous Sinus and Meckel's Cave	Kiruba Shankar
11:50 – 12:00 PM	Precaruncular Approach and Transorbital Corridor to Skull Base	Govind B
12:00 – 12:10 PM	Optimization Of Nasal Phase: HOW I DO IT	Gaurav Medikeri
12:10 – 12:20 PM	Coablation In Skull Base Surgery	Ramandeep Singh Virk
12:20 – 12:30 PM	Discussion	

12:30 – 02:00 PM	Workshop on Cranial Nerve Rehabilitation <i>Chairpersons: Veerendra Verma, Manu Rastogi, Ashish Chandra Agarwal, Prahlada B</i>	
12:30 – 12:50 PM	Voice Rehabilitation	Rakesh Srivastava
12:50 – 01:10 PM	Swallowing Rehabilitation	Rishi Srivastava
01:10 – 01:30 PM	Swallowing Rehabilitation	GV Nagarjuna Reddy
01:30 – 01:40 PM	Ocular Rehabilitation	Rachana Agarwal
01:40 – 01:50 PM	Facial nerve Rehabilitation	Ankur Bhatnagar
01:50 - 02:00 PM	Facial nerve Rehabilitation	Anupama Singh

02:00 – 03:00 PM

Lunch Break

Interesting cases/ Surgical videos

Session I (5+1 minutes) Chairpersons: Mohammad Faheem, Prabhat Srivastava, Rishabh Jain		
Time	Topic	Speaker
03:00 – 03:05 PM	How I do it: Tympano-jugular Paraganglioma	Kranti Bhavna
03:05 – 03:10 PM	Case of orbital PNET	Devendra Ahlawat
03:10 – 03:15 PM	Trans pterygoid approach to lateral recess	Charu Singh
03:15 – 03:20 PM	Dorsum sellae meningioma	Tarun Pandey
03:20 – 03:25 PM	Lateral skull base osteomyelitis: how do I do it	Jaskaran Singh
03:25 – 03:30 PM	Tips and tricks of managing difficult CVJ anomaly – What's new?	Deepak K Singh
03:30 – 03:35 PM	Fisch Type A for Jugular paraganglioma.	R Ragu Nandhan
03:35 – 03:40 PM	Kawase approach for Petroclival lesions	Rajnish Arora
03:40 – 03:45 PM	Aneurysm decision making with a case-based approach	Ravi Shankar
03:45 – 03:50 PM	Grade 4 JNA: how I do it	Rishabh Jain
03:50 – 03:55 PM	Clival Chordoma: how I do it	Arulalan
03:55 – 04:07 PM	Discussion (12 mins)	

Session II (5+1 minutes)		
<i>Chairpersons: Amit Upadhyaya, Kuldeep Yadav, Kiruba Shankar, Abilash Alex F</i>		
Time	Topic	Speaker
04:10 – 04:15 PM	Lateral recess CSF leak surgical strategy	Saran Kumar
04:15 – 04:20 PM	Familial idiopathic Pituitary adenoma	Jitendra Chauhan
04:20 – 04:25 PM	Approach to Sella: how I do it	Rajan Bhargava
04:25 – 04:30 PM	Navigation guided trans-nasal trans-sphenoidal excision of sellar arachnoid cyst	Suyash Singh
04:30 – 04:35 PM	An interesting case of Skull base Chordoma	Rayani Vandan
04:35 – 04:40 PM	Endolymphatic sac decompression	Prahlad Basanth
04:40 – 04:45 PM	Sub temporal approaches to Cavernous Sinus Tumors	Jitendra Chaturvedi
04:45 – 04:50 PM	Posterior Fossa CSF Leak: An Uncommon Diagnosis Behind a Common Symptom	Kiruba Karan
04:50 – 04:55 PM	Ipsilateral nasoseptal flap in the management of lateral recess of sphenoid meningoencephalocele	Ashwin
04:55 – 05:00 PM	Cervical Schwannoma: How I do it	Rudhra
05:00 – 05:05 PM	Traumatic Facial Nerve Palsy – Surgical vs Non-surgical Decompression	Annanya
05:05 – 05:17 PM	Discussion (12 minutes)	

Session III (5+1 minutes)		
<i>Chairpersons: Mohammad Kaif, Aanchal Datta, Tejaswi Gupta, Abhishek B Singh</i>		
Time	Topic	Speaker
05:20 – 05:25 PM	Combined endoscopic endonasal and transcranial approach for skullbase tumour	Ankur Bajaj
05:25 – 05:30 PM	MIRA: for Trigeminal Neuralgia	Abhilash Alex F
05:30 – 05:35 PM	Role of Fluorescein in ACF base repair	Bhawan Nangarwal
05:35 – 05:40 PM	Combined petrosal approach for Petro clival space occupying lesion	K. Gopinath
05:40 – 05:45 PM	Optic Nerve decompression: How I do it	Rajat Jain
05:45 – 05:50 PM	Extensive cholesteatoma with facial nerve palsy	Sabharisan Paramasivam
50.50 – 05:55 PM	Supra meatal tubercle causing trigeminal neuralgia	Waseem Ahmed
05:55 – 06:00 PM	Endoscopic assisted resection of intracranial epidermoid	Awadhesh Yadav
06:00 – 06:05 PM	Minimally invasive surgery for CVJ nerve sheath Tumors	Anil Sharma
06:05 – 06:10 PM	Embolisation in Skullbase tumours	Rushabh Chheda
06:10 – 06:15 PM	C1-C2 fixation in Complex CVJ cases	Arvind Kumar
06:15 – 06:27 PM	Discussion (12 minutes)	

Dinner at Lecture Theater Complex

7 Pm onwards

SGPGI NEUROSURGERY UPDATE 2025

18th-20th April 2025 | SGPGIMS, Lucknow

Date: 18th -20th April 2025 | Venue: Lecture Theatre Complex, SGPGI, Lucknow
Theme: Surgical Mastery of the Skull Base : The Art of Choosing the Right Corridors

Scientific Program

DAY 2 - 19 APRIL 2025

Hall A

TIME	TOPIC	SPEAKER
07:30 – 08:00 AM	Registration	
08:00 – 08:30 AM	Unlocking Success: Key Peri-Operative considerations for skull-base pathologies (8+2 minutes) <i>Chairpersons: Chhitij Srivastava, Vyom Bhargava, Karan Bhatia</i>	
08:00 – 08:10 AM	Neuroanesthetic Considerations for Skull-Base Surgery: Challenges and Innovations	Sapna Yadav
08:10 – 08:20 AM	Technical Advances in Embolization Techniques for Vascular Skull Base Lesions.	Deepak K. Singh
08:20 – 08:30 AM	Cerebral Blood Flow Assessment in Skull Base Surgeries	Vivek Singh
08:30 – 09:45 AM	Lectures by the Masters (12+3 minutes) <i>Chairpersons: Anil Chandra, Rabi Narayan Sahu, Ramandeep Singh Virk, Rajan Bhargava</i>	
08:30 – 08:45 AM	Central skull base osteomyelitis: update on management.	Regi Thomas
08:45 – 09:00 AM	Strategies for excelling as a cochlear implant surgeon.	Rajesh Vishwakarma
09:00 – 09:15 AM	Carotid stenting in the skull base surgery	Sampath Chandra Prasad
09:15 – 09:30 AM	Auditory Brain stem implants – current status and future directions	Mohan Kameshwaran
09:30 – 09:45 AM	Far lateral approach	Dwarkanath Srinivasan

09:45 – 10:30 AM

Inauguration Ceremony

10:30 – 10:45 AM

Tea Break

Orations		
10:45 – 11:30AM	Prof D.K Chhabra Oration <i>Chairpersons –Piyush Mittal, Mazhar Hussain, Isha Tyagi, Anupam Mishra</i>	
10:45 – 10:50 AM	Introduction to the Oration	Arun Kumar Srivastava
10:50 – 10:55 AM	Introduction to the Orator	Ved Prakash Maurya
10:55 – 11:25 AM	Oration	Atul Goel
11:25 – 11:30 AM	Felicitation	
11:30AM - 12:15PM	Prof V.K. Jain Oration <i>Chairpersons - Satnam Chhabra, BK Ojha, Satyawati Mohindra, Rajesh Vishwakarma,</i>	
11:30 – 11:35 AM	Introduction to the Oration	Kuntal Kanti Das
11:35 – 11:40 AM	Introduction to the Orator	Pawan Kumar Verma
11:40 – 12:10 PM	Oration	S K Gupta
12:10 – 12:15 PM	Felicitation	
12:15 – 01:00 PM	SGPGI Neurosurgery Oration <i>Chairpersons – Raj Kumar, Mahesh Kuriyal, Regi Thomas, Harish Chand Taneja</i>	
12:15 – 12:20 PM	Introduction to the Oration	Kamlesh Singh Bhisora
12:20 – 12:25 PM	Introduction to the Orator	Kshitij Charaya
12:25 – 12:55 PM	Oration	R S Virk
12:55 – 01:00 PM	Felicitation	

01:00 – 02:00 PM **Lunch Break**

02:00 – 03:00 PM	Innovations in hearing rehabilitation: bridging technology and personalized care (8+2 minutes) <i>Chairpersons: Mohan Kameshwaran, Anupam Mishra, Devendra Ahlawat, Sunil Bisen</i>	
02:00 – 02:10 PM	Perilymph Fistula causes and management	Mohnish Grover
02:10 – 02:20 PM	Cochlear implant -What innovations we can do	Prahlad Basanth
02:20 – 02:30 PM	Current Single-side SNHL concepts	Kapil Sikka
02:30 – 02:40 PM	Hearing restoration in skull base surgery	R Raghunandhan
02:40 – 02:50 PM	ABI Surgical nuances	Krishna Kumar
02:50 – 03:00 PM	Difficult scenarios in cochlear implant	Rajesh Vishwakarma

03:00- 4:10 PM	Orbit and Its Perspective in Skull Base Surgery (8+2 minutes) <i>Chairpersons: Charu Singh, Mohnish Grover, Tarun Pandey, Amitabh Goel</i>	
03:00 – 03:10 PM	Extended unilateral frontal approach for large anterior skull base meningiomas	Pravin Salunke
03:10 – 03:20 PM	Transorbital Neuroendoscopic surgery	Gaurav Madikeri
03:20 – 03:30 PM	Endoscope assisted bilateral medial one and half orbital decompression for graves' disease	Gowri Shankar
03:30 – 03:40 PM	Trans orbital Corridor to ITF	Anupam Mishra
03:40 – 03:50 PM	Endoscopic endonasal surgical strategies for orbital infections	Rajinikanth MG
03:50 – 04:00 PM	Precaruncular approach to anterior skull base	Jaskaran Singh (N)
04:00 – 04:10 PM	Transorbital corridor to skull base pathology	Abhiram Gabbita

04:10 – 04:30 PM

Tea Break

04:30– 06:00 PM	Revolutionizing Anterior Skull Base Surgery: Cutting-Edge Techniques (8+2 minutes) <i>Chairpersons: K K Bansal, Pankaj Arora, Regi Thomas, Jitendra Chauhan</i>	
04:30 – 04:40 PM	SOKHA vs. Conventional transcranial approaches to anterior skull base pathologies.	Anil Sharma
04:40 - 04:50 PM	Endoscopic Management Strategies of JNAs - Our experience	Kranti Bhavna
04:50 – 05:00 PM	Endoscopic endonasal approach to the transsellar regions.	Satyawati Mohindra
05:00 – 05:10 PM	Expanded endonasal approach to the clivus and Petrous Apex	Prakash Nair
05:10 – 05:20 PM	Expanded Endonasal Endoscopic Approaches for ITF/Trigeminal Schwannoma.	Amit Tyagi
05:20 – 05:30 PM	Endoscopic Endonasal Transpterygoid Approach: Surgical Nuances (ENT)	Kiruba Sankar
05:30 – 05:40 PM	Minimalism in trans-nasal pituitary surgeries: The Trans-septal endoscopic approach.	Aadesh Srivastava
05:40 – 05:50 PM	Transfacial techniques for addressing anterior skull base lesions.	Suresh Mani
05:50 – 06:00 PM	Endoscopic repair of CSF Rhinorrhoea	Monika Patel

Time	Panel discussion	
06:00-07:00 PM	CSF Leak Moderator: Kiruba Shankar	Satyawati Mohindra, Rajan Bhargava, Prakash Nair, KK Bansal, Rajinikanth MG, Rishab Jain

DAY 2 – 19 th APRIL 2024		
Hall B		
Time	Topic	Speaker
02:00 – 3:00 PM	Quiz preliminary rounds	
Panel discussion		
03:00 – 04:00 PM	Juvenile Nasopharyngeal Angiofibroma Moderator: Kranti Bhavna	Anupam Mishra; Kiruba Sankar Jaskaran Singh; Ramandeep Singh Virk; Regi Thomas Sushil Agarwal
04:00 – 05:00 PM	Award Video Session (8+2 minutes) <i>Chairpersons: Prakash Nair, Vijendra Maurya, Gourav Khandelwal</i>	
04:00 – 04:10 PM	Endoscopic excision of nasal meningoencephalocele: Navigating diagnostic challenges and avoiding severe complications	Ila Katyayan
04:10 – 04:20 PM	Optimisation of surgical field in endoscopic excision of Juvenile Nasopharyngeal Angiofibroma	Sukruti
04:20 – 04:30 PM	Endolymphatic Sac Tumor - An enigma for the neurotologist	Mohit Sinha
04:30 – 04:40 PM	A rare case of a craniovertebral junction arteriovenous fistula presenting as raised ICP type headache in a younger patient	Himesh Kumar Dubey
04:40 – 04:50 PM	Translabrynthine Approach to CP Angle Facial Nerve Schwannoma	Kalyan Sundaram
04:50 – 05:00 PM	Minimally invasive mastery - Transorbital endoscopic excision of paramedian epidermoid	Abhishek Shukla

05:00 – 06:30 PM	Award Paper session I (8+2 minutes) <i>Chairpersons: Mukesh Shukla, Suyash Singh, Amit Tyagi,</i>	
05:00 -05:10 PM	Surgical strategy for screws when pars or pedicle are not accessible for fixation in CV junction: A retrospective study of non-conventional C2 screws	Roopali Yadav
05:10 – 05:20 PM	Outcomes of patients with Traumatic Brain Injury between 2-Wheeler and Non-2-Wheeler Vehicles	Biswas Shrestha
05:20 – 05:30 PM	Outcomes of Endoscopic Endonasal Surgery for Giant Pituitary Adenomas: A Single- Institution Study	Vikas Vishwakarma
05:30 – 05:40 PM	Paediatric skull base tumors: management perspective	Reshma Raj
05:40 – 05:50 PM	Intracranial extension of JNA: Patterns of involvement with a proposed algorithm for their management	Nazrin Hameed
05:50 – 06:00 PM	Long term outcomes of aneurysmal bone cyst of temporal bone	Nidhin das
06:00 – 06:10 PM	Complication of CSOM	Asmita Sharma
06:10 – 06:20 PM	Clinical and endocrinological outcomes following endonasal endoscopic excision of midline craniopharyngioma	Mritunjay

Gala Dinner and Alumni Meet

Hobby centre, SGPGIMS

7 PM onwards

SGPGI NEUROSURGERY UPDATE 2025

18th-20th April 2025 | SGPGIMS, Lucknow

Date: 18th -20th April 2025 | Venue: Lecture Theatre Complex, SGPGI, Lucknow
Theme: Surgical Mastery of the Skull Base : The Art of Choosing the Right Corridors

Scientific Program

DAY 3 – 20th APRIL 2025

Hall A

Time	Topic	Speaker
08:00 – 09:00AM	Paranasal sinus surgery - a transformative gateway to the world of skull base procedures (8+2 minutes) <i>Chairpersons: Krishna Hari Sharma, Sunil Singh, P Subramanyam, Virendra Verma, Kshitij Charaya</i>	
08:00–08:10 AM	Frontal sinus corridors: Approaches to frontal sinus	Jaskaran Singh
08:10–08:20 AM	Non-conventional approaches to the maxilla and ITF	Bhanu Bhardwaj
08:20–08:30 AM	Endoscopic vs. Open Approach: Decision-Making Strategies for Anterior Skull Base Lesions	Jayesh Sardhara
08:30–08:40 AM	CSF Rhinorrhea - Evidence based algorithmic approach.	Pankhuri
08:40–08:50 AM	Frontal osteoplastic flap- management of difficult situations of frontal sinus	H P Singh
08:50–09:00 AM	Skull base and ITF clearance in advanced Oral cavity cancers	Shahab Usmani
09:00 – 10:00 AM	Navigating the Challenges of Posterior Cranial Fossa Surgery: Techniques, Innovations, and Outcomes (8+2 minutes) <i>Chairpersons: Prasad Krishnan, Vinod Tiwari, Kapil Sikka, Rajeev Pachauri</i>	
09:00 – 09:10 AM	MVD of 5th CN for Trigeminal Neuralgia – nuances and complications	DK Vatsal
09:10 – 09:20 AM	Middle fossa meningiomas – complications avoidance	KK Bansal
09:20 – 09:30 AM	Surgical approach to 5th nerve schwannoma – A surgical dilemma	Rabi Narayan Sahu
09:30 – 09:40 AM	Arachnoid preservation in Vestibular Schwannoma surgery	Ashish Agarwal
09:40 – 09:50 AM	Surgical Strategies for Jugular Foramen Lesions: Choosing the Optimal Approach	Regi Thomas
09:50 – 10:00 AM	Trans labyrinthine approach for vestibular schwannoma	Bhavin Parikh
10:00 – 10:10 AM	Extended Endoscopic Transsphenoidal Approach: Technique and Considerations for Skull Base Surgery	Satnam Chhabra

10:10 – 10:30 AM

Tea Break

10:30AM – 12:00PM	Lectures by the Masters (12+3 minutes) <i>Chairpersons: D K Vatsal, Kartikeya Sharma, Bhavin Parikh, Regi Thomas</i>	
10:30–10:45 AM	Basilar Invagination	V K Jain
10:45–11:00 AM	Introducing Revolution in Spinal Surgery	Atul Goel
11:00–11:15 AM	Petro clival meningioma	Sanjay Behari
11:15–11:30 AM	Modified Dolenc Kawase	Iype Cherian
11:30 – 11:45 PM	Skull base approaches for aneurysm – Is it really necessary?	Paritosh Pandey
11:45 – 12:00 PM	Tailored Far Lateral Approach for skull-base pathologies	Batuk Diyora
12:00 – 12:30 PM	The AI Revolution: What You Can't Afford to Miss (8+2 minutes) <i>Chairpersons: Yogesh Jindal, Ruchi Verma, Vishwambhar Singh, Siva Selvaraj</i>	
12:00–12:10PM	AI Learn from the master.	Er Tushar IIT Kanpur
12:10–12:20 PM	AI in Surgeons' perspective.	Rakesh Srivastava
12:20–12:30 PM	How it helps in patient data management.	Mr. George Vijay
12:30-01:30 PM	Surgical Approaches for Addressing Lateral Skull Base Pathologies (8+2 minutes) <i>Chairpersons: Suresh Nayak, Sapna Yadav, Raghunandhan, Saurin Shah</i>	
12:30 – 12:40PM	Iatrogenic facial Nerve injury	Rajeev Pachauri
12:40 – 12:50 PM	Trans cochlear/Transotic approach: indications and operative technique	Bhavin Parikh
12:50 – 01:00 PM	Enhancing Precision in Skull Base Surgery: The Role of Robotics in Infratemporal Fossa Tumor Excision.	Athira Ramakrishnan
01:00 – 01:10 PM	Fisch – Infratemporal fossa approaches	Ravi Sankar
01:10 – 01: 20 PM	Classification and Indications for Temporal Bone Resections: A Surgical Perspective.	Gopi Reddy
01: 20 – 01:30 PM	Perilymph Gusher: A Diagnostic and Treatment Dilemma	Karthikeyan R

DAY 3 – 20 th APRIL 2025		
Hall B		
Time	Topic	Speaker
08:00 – 09:00AM	AWARD PAPER SESSION II (8+2 minutes) <i>Chairpersons: Jaideep Chandra, Rudrashish Haldar,</i>	
08:00–08:10 AM	Old vs New VP Shunt systems in India: Which is better?	Prathmesh Mishra
08:10–08:20 AM	Clinical Characteristics and Surgical Outcome of Patients with Pituitary Tumour: Our Experiences in Nepal	Sandeep Bohara
08:20–08:30 AM	To determine the safety and efficacy of frame-based stereotactic brain biopsy versus neuronavigation guided frameless stereotactic brain biopsy using CT/ MR imaging	Abhishek Gupta
08:30–08:40 AM	Craniovertebral junction anomaly with anomalous vertebral artery - Results of Vertebral artery mobilization vs non-mobilization	Anantha Chaitanya
08:40–08:50 AM	Anterior cranial fossa repair in post-traumatic CSF rhinorrhea surgical approaches and outcome: A single institution experience	Subham Gupta
08:50–09:00 AM	Building AI-Ready Datasets for Dural-Based Pathologies: A Systematic Approach to Data Curation, Annotation Challenges, and Potential Solutions	Sarvesh Goyal
09:00-10:00 AM	Poster Review Session	
10:00 – 11:00 AM	Session on Vertigo and Tinnitus <i>Chairpersons: Zeshaan A, Arulalan M, Rajat Jain, Govind B</i>	
10:00 - 10:10 AM	Vertigo Current Concepts	Pratistha Sachan
10:10-10:20 AM	Vertigo surgery	Gyan Ranjan Nayak
10:20-10:30 AM	Endoscope assisted Vestibular nerve section for intractable Ménière's disease	Bhavin Parikh
10:30-10:40 AM	Tinnitus matching and its role in diagnosing and managing tinnitus	Sumit Sharma
10:40-10:50 AM	Surgical management for vascular tinnitus	Manjul Muraleedharan
10:50-11:00 AM	Discussion	
11:00 – 12:00 PM	Panel discussion on cochlear implantation Moderator - Mohnish Grover	Amit Keshri; Ashish C Agarwal Kapil Sikka; Raghunandhan Rajeesh Vishwakarma; Rajesh Yadav Rajeev Pachauri; Veerendra Verma
12:00 – 01:00 PM	Quiz finals Quiz Master: Sumit Sharma Moderators: Arulalan M, Govind B, Nidhin Das K	

01:30 onwards

Valedictory function followed by Lunch

E-Poster presentation:

1. Ruptured P4 Posterior Cerebral Artery Mycotic Aneurysm in a Pediatric Patient with Mitral Valve Infective Endocarditis: A Rare Case Report and Surgical Management Challenges – **Sarvesh Goyal**
2. Rare case of Sellar Mass: A Diagnostic wonder – **Prathmesh Mishra**
3. Nervous intermedius schwannoma – **Tarun Patel**
4. Attention Neurosurgeon! Cautious use of Colistin in Treatment of Meningitis – **Anantha Chaitanya**
5. Bilateral low-lying PICA in case of sandwich Craniovertebral junction: A rare entity – **Devanshu Mishra**
6. Contralateral supra-orbital keyhole approach for tuberculum sellae meningiomas – **Sudhakar Madhesiya**
7. “Worming into depths of brain – Neurocysticercosis of Septum Pellucidum – **Roopali Yadav**
8. Management of Comminuted Frontal Depressed Fracture Using Split Calvaria Graft: A series of 6 cases – **Mrityunjay**
9. Long term angiographic clinical outcome in patients with internal carotid artery trapping – **Srishti Dixit**
10. Single surgeon experience of spinal dural arterio-venous fistula – **Ashish Mishra**
11. Impact of Cochlear Implant on the quality of life in Post Lingual Deafened Adult Population in tertiary care center - **Mohd Aqib**
12. Fronto-Temporal Craniotomy with Orbitozygomatic Osteotomy approach for Sixth Cranial Nerve Schwannoma - **Masina Sai Venkata Sumanth**
